WHAT IS BARANGAY IT?

Is it EUC's response to social responsibility – be an innovator in governance and bring the Philippines into a state of an evolving technology driven nation.

The solution is inspired by EUC members coming from the barangays.

EUC will continue its partnership with the EUC barangay members and envisions that the solution will grow into a "one-stop-shop" system for the local government.

WHY BARANGAY IT?

- It supports the government's program in process simplification.
- Lessens barangay citizens' waiting time on requests.
- It will serve as a tool to lessen document handling by the barangay staff.
- Data are readily available for the barangay officials.
- Updates on data can be done easily
